

Birchwood Art Studio

DRAW · PAINT · MAKE

HOW WE WILL KEEP OUR STAFF AND CUSTOMERS SAFE

What to expect when you come along for a class or workshop.

We will:

Collect contact details for everyone participating in a class or activity (unless you have booked online)

Have anti-bacterial hand cleanser points or hand washing available in all areas of the studio

Ask all customers to sanitise their hands before entering the studio

Ask all customers to wear masks/face coverings when arriving, leaving and moving about the studio. Once seated you may remove your masks if at least 1m apart from other customers

Keep tables at least one metre apart and more if possible, to further reduce the risk of infection.

Wash or wipe down all surfaces accessible to customers with antibacterial products before and after each session

Keep windows open to provide ventilation, although the heating will be on if needed you may want to wrap up warm and wear layers

Display COVID-19 safety signage reflecting current Scottish Government guidelines and 'FACTS'

Provide somewhere to hang your belongings

Provide soap, single use hand towels and encourage regular hand-washing

Provide disposable (biodegradable) aprons for customers and single use masks for customers who don't have their own re-useable one (customers are welcome to bring their own apron)

Ensure there are sufficient materials and equipment so sharing is minimised

Limit the number of people using the space at any time in order to allow for social distancing
